

Mid-Suffolk Light Railway Aspall Halt Extension Project

Patron: Ivry, Lady Freyberg

In January 2017 the Mid-Suffolk Light Railway received planning permission from the Mid-Suffolk District Council to extend the line by a further 500 metres and to build a terminus in the style of Wilby Halt. This will be named Aspall Halt as the next station on from Brockford on the old Middy was Aspall.

This will enable the MSLR to more than double the current track length and provide a destination for visitors.

The Extension represents a major project for the railway and will confirm its future as an important Suffolk tourist attraction and a 'must see' for railfans.

If you would like to help the Extension Project, please complete the contact details and tick your choice in the boxes below.
